

National University of Computer and Emerging Sciences, Lahore Campus

Course: Comm. Skills
Program: BS(EE)
Duration: 180 minutes
Paper Date: 24th Dec. 2018
Sections: 1, 2, 3
Exam: Final

Course Code: SS - 123
Semester: Fall 2018
Total Marks: 90
Weight: 50%
Pages: 3
CLOs: 1 - 8

Instructions/ Notes: Attempt all questions in the answer copy. Be precise in answers. Avoid cutting/ overwriting. You MUST fill out, sign and submit the given CLO assessment form.

Q1. (a) 'Communication competence is the impression that communication behavior is both appropriate and effective in a given situation (Spitzberg, 2000, p.375).'

(3+1+1=5)*2=10 marks (CLO - 01)

- Elaborate communication behavior as 'appropriate'. Write two examples.
- How would this communication behavior be 'effective'? Justify by two examples.

(b) How do perceptions of self-affect our communication with others? Give one example to support from industry and one example from social context to support your answer.

(2+1+1=4 marks) (CLO - 02)

Q2. (a) Write one example statement explicitly representing each of the following propositions:

(2*3=6 marks) (CLO - 06)

- Proposition of Fact
- Proposition of Value
- Proposition of Policy

(b) Read the given extracts; identify which fallacy does each extract represent. Give one explanation to support your answer:

(1+2=3)*4=12marks (CLO - 06)

1) My father smoked four packs of cigarettes a day since age fourteen and lived until age sixty-nine. Therefore, smoking really can't be that bad for you. *Hasty?*

2) Since hair always precedes the growth of teeth in babies, the growth of hair causes the growth of teeth. *false*

3) Tayyab: Biological evolution is both a theory and a fact.

Munazza: That is ridiculous! How can you possibly be absolutely certain that we evolved from pond scum!

Tayyab: Actually that is a gross misrepresentation of my assertion. I never claimed we evolved from pond scum. Unlike math and logic, science is based on empirical evidence and, therefore, a scientific fact is something that is confirmed to such a degree that it would be perverse to withhold provisional consent. The empirical evidence for the fact that biological evolution does take place falls into this category. *Shaw*

4) Salesman: This car gets better than average gas mileage and is one of the most reliable cars according to Consumer Reports.

Yaseen: I doubt it—you obviously just want to sell me that car. *Hasty?*

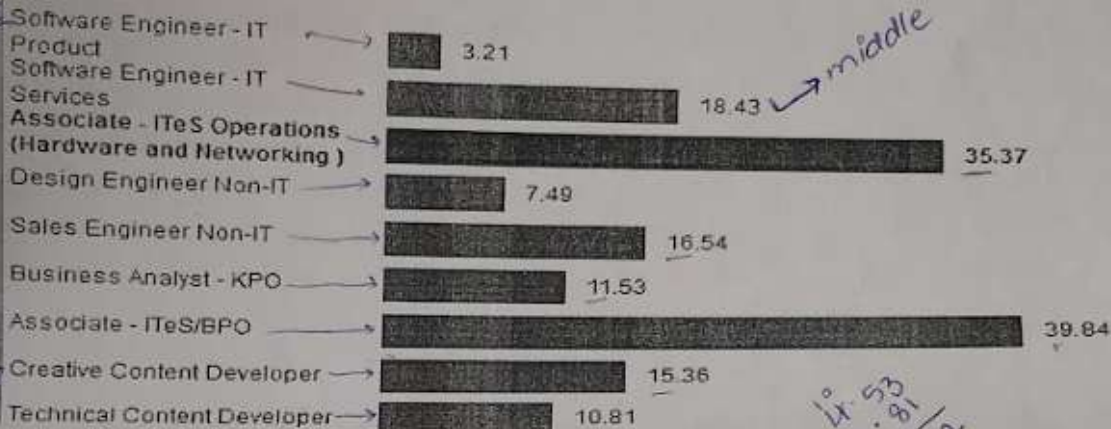

Q3. Explain the following graph in 125 – 150 words:
Your description should:

(10 marks) (CLO - 03)

- Introduce the graph
- Present the details
- Give a concluding overview

Information Technology Engineers: How many are employable?

Figures are in %
